ABOUT OUR COMPANY

Since 2010, KinOcean boats have offered an experience on the water unlike any other. Located in Foshan, Guangdong since day one, we push the boundaries of innovation to keep the boats and the experience they can provide at the highest standards. KinOcean's construction and reliability are unmatched in the industry because of our care and dedication to our craft. Every model we offer is designed to allow you to rule the day with comfortable amenities, innovative features and superior quality. There's nothing like enjoying the water with the people you care about most. We're here to help make those memories last a lifetime.
